

SOMETIMES,
NOTHING LEADS TO THE BEST OF SOMETHING

SOMETIMES, NOTHING LEADS TO THE BEST OF SOMETHING

It's long weekend, and next week I'm going to DEF CON.

So, today I told myself, I'm not going to do anything but just to do the cleaning, shopping and have some fun. Although, finally I still finished a deep learning practice first, otherwise I will feel uncomfortable....

In the afternoon, I went to the theater and watched Christopher Robin, since I like Winnie the Pooh in my childhood.

It's a very simple movie, targeting the children.

But I love it!

SOMETIMES, NOTHING LEADS TO THE BEST OF SOMETHING

How time flies. Robin grew up, got married and had a daughter, attended the war and finally returned back alive, but became someone who is busy with the work all the time, including the weekend. When Pooh appeared in front of him again, his no longer that Robin...

Christopher Robin used to play with Winnie the Pooh and his friends during the childhood. At the time he was about to leave, he was going to attend the boarding school.

SOMETIMES, NOTHING LEADS TO THE BEST OF SOMETHING

In the whole story, the monster that scared all of Pooh's friends never appeared.

But to rescue Robin's weekend work results and his job has become the whole adventure of his beloved friends and his daughter.

The missing daughter, worried and angered wife, the cold blooded boss who simply took Robin's credit... Everything made Robin realized Pooh was right.

As a busy man, Robin was also busy with sending Pooh back to the forest, so that he could back to his work and stay focused.... He no longer cares Pooh's talk and even thinks it's silly.

Pooh never gets why Robin's suitcase is more important than the red balloon...

SOMETIMES, NOTHING LEADS TO THE BEST OF SOMETHING

Sometimes, nothing leads to the best of something. (Sounds like meditation...)

My favorite day is Today,
because Tomorrow and
Yesterday are all too much
for me.
